

Thank Conservatives for Keeping their Promise to Repeal ObamaCare!

January 21, 2011

Dear Friends,

We want you to know that your activism in helping to elect a new Congress and in holding Members of Congress accountable through your emails and phone calls is paying off!

Repealing ObamaCare

This week the House of Representatives voted to repeal ObamaCare. Three Democrats joined the unanimous caucus of Republicans to [pass](#) the repeal measure, [H.R. 2](#).

Cutting Wasteful Spending

Also, this week, conservative legislators Jim Jordan, Chair of the Republican Study Committee, Scott Garrett, Chairman of the Republican Study Committee Budget and Spending Task Force and Senate Steering Committee Chair Jim DeMint, unveiled the “[Spending Reduction Act of 2011](#),” which would cut \$2.5 trillion worth of federal spending.

We are delighted to report that some of these cuts include spending Eagle Forum has been fighting for decades. In fact, we urge federal candidates seeking Eagle Forum endorsement to commit to defunding several of these programs through our [70-question candidate survey](#), such as:

- Cutting Legal Services Corporation, a liberal slush fund that purports to provide legal representation for poor clients, but that has consistently directed taxpayer dollars toward liberal political activism. [Click here](#) for a digest of Phyllis’ writings on defunding

Legal Services Corporation.

- Eliminating the National Endowment for the Arts, National Endowment for the Humanities and the Corporation for Public Broadcasting. [Click here](#) for a digest of Phyllis' writings on defunding these wasteful, liberal programs.
- Eliminating the Title X Family Planning fund. [Click here](#) for a digest of Phyllis' writings on defunding this controversial, anti-life fund.

The Act calls for the repeal of the Davis-Bacon Act, which would not only save more than \$1 billion annually, it would create jobs and facilitate necessary transportation and infrastructure repairs by eliminating expensive and burdensome union requirements.

Stopping Taxpayer Funded Abortion

Additionally this week, the new House majority introduced two bills to stop government funding for abortion. [H.R. 3](#), the "**No Taxpayer Funding for Abortion Act**" was introduced by Pro-life Caucus Co-Chairs Reps. Chris Smith (R-NJ) and Dan Lipinski (D-IL), and [H.R. 358](#), the "**Protect Life Act**" was introduced by Energy and Commerce Committee Health Subcommittee Chairman Rep. Joe Pitts (R-PA) and Dan Lipinski (D-IL).

Take Action!

Good things are finally happening in Washington, D.C., but we need your help to keep up the momentum! Please call your Member of Congress and tell them to support the "**Spending Reduction Act of 2011**" and to support all efforts to **stop taxpayer funded abortion!**
